

Upbringing Technologies Pvt. Ltd.

Multi-brand dealers of vacuum pumps, blowers and EOAT components

UPBRINGING
TECHNOLOGIES

We sell products with CE, IE, ATEX, UL, CSA and many other conformities

Our brands

- Atlas Copco – Worldwide
- Eurovac Vacuum Pumps - Taiwan
- General Europe Vacuum s.r.l. – Italy
- Briwatec GmbH – Germany
- FIPA GmbH – Germany
- Uni-Crown – Taiwan
- Supervane Limited – United Kingdom

Areas of Application

Atex

Beverage industry

Bricks manufacturing

Chemical
Pharmaceutical

Composite

Drying & essication

Electronics

Environmental
technology

Food industry

Laboratory analysis

Lifting

Marble, clay, glass

Medical and hospital

Packaging

Paletizing

Plastic & thermoforming

Pneumatic conveying

Process gases

Pulp & paper

Textile industry

Water treatment

Woodworking

Medical Vacuum

Dry Rotary Vane Vacuum Pumps

***Atlas Copco DVS Series**

*Displacements from: 8 m³/hr to 140 m³/hr

***Eurovac VE Series**

*Displacements from: 8 m³/hr to 250 m³/hr

***Briwatec ZIRKON Series**

*Displacements from: 8 m³/hr to 140 m³/hr

*Vacuum level: 150 mbar (abs.)

*Pressure: Up to 1.5 bar

*Suitable for printing, packaging/blister packaging, pharma products manufacturing, capsule filling/sealing machines, leak testing machines, glass vial inspection, pick and place, Ergonomic handling, etc..

Oil Lubricated Rotary Vane Vacuum Pumps

***Atlas Copco GVS-R and GVS-A**

***Eurovac R1 series**

Pompa tipo GP-GP/M 300E
Pump type GP-GP/M 300E

***GEV GPM E/K series**

*Displacements from: 16 m³/hr to 300 m³/hr *Displacements from: 16 m³/hr to 1600 m³/hr *Displacements from: 11 m³/hr to 300 m³/hr

*Ultimate Vacuum Levels Up to 0.1 mbar (abs.)

*Used for: Powder transfer, glass manufacturing, moulding, fumes extraction, thermoforming, Woodworking, metal CNC, vacuum impregnation, medical vacuum in hospitals, etc..

Dry Claw Pumps

*Atlas Copco DZS Series

*Displacements: 80 m³/hr to 1000 m³/hr

*Offered with SS304 Claws (first in class)

*GEV GPR series

*Displacements: 50 m³/hr to 400 m³/hr

*Vacuum levels up to 100 mbar (abs.)

*Used for: Powder transfer, packaging, pharma products, etc..

*Virtually maintenance free, fully dry operation

Liquid Ring Vacuum Pumps

***Atlas Copco AWC and AWD series**

- *Single Stage and Double Stage LRP's
- *Displacement from: 30 m³/hr to 30,000 m³/hr
- *Vacuum levels up to 30 mbar (abs.)
- *Applications: Autoclave, adhesives, solvents, etc..

Double Stage Oil Lubricated Vacuum Pumps

***Atlas Copco GVD Series**

*Displacements from: 1.5 m³/hr to 275 m³/hr

*Vacuum Level up to: 1×10^{-3}

*Application: Freeze dryer, oxygen and hydrogen generation, other gases such as helium, nitrogen, etc..

Vacuum Boosters

*Atlas Copco ZRS series

*Displacements: 250 m³/hr to 4200 m³/hr

*Vacuum 50 mbar (abs.)

*Applications: Chemical process gas extraction, microfibres, etc.. (usually coupled to an oil lubricated vacuum pump)

Vapor Compressor

***GEV Vapor Compressor** for all types of MVR applications

*Custom made as per licensor's specifications

Side Channel Blowers

***Atlas Copco DBs/DBd Series**

*Displacements: 90 m³/hr to 1000 m³/hr

***GEV GK Series**

*Displacements: 90 m³/hr to 2000 m³/hr

***Briwatec Rubin Series**

*Displacements: 60 m³/hr to 1200 m³/hr

*Vacuum/Pressure up to 0.5 bar (abs.)

*Applications: Printing, Packaging, Pharma products manufacturing, ultrasonic, (large air flow applications)

Vacuum lifters, used in ATEX applications

Oil Sealed Screw Pumps

***Atlas Copco GHS Series**

*Displacements: 300 m³/hr to 2000 m³/hr

*Replaces multiple dry vane or oil lubricated vacuum pumps

*Saves energy

*Virtually maintenance free

*Works great where a rotary vane pump may get jammed

Dry Screw Pumps

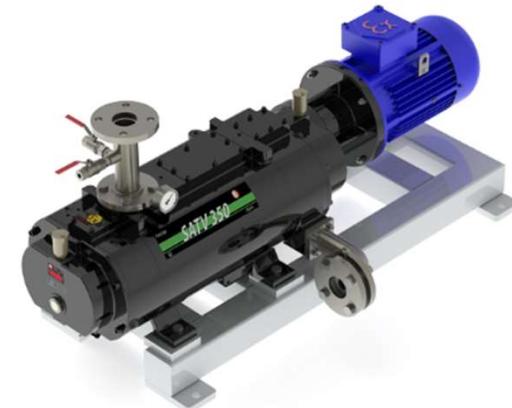

*Atlas Copco DWS series

- *Displacement: 200 m³/hr to 750 m³/hr
- *Vacuum up to: 0.01 mbar (abs.)

*High vacuum dry screw pumps used in chemical industry for vapor recovery

Pompa a vite a secco Saturno
Oilless screw pump Saturno

*GEV SAT series

- *Displacement: 100 m³/hr to 750 m³/hr
- *Vacuum up to: 0.01 mbar (abs.)

FIPA GmbH Vacuum Lifter

PRODUCT
RANGE
FIPALIFT
Tube lifters

FIPA
challenge accepted

The section shows three images: a close-up of a gripper being used to lift a metal pipe, a man operating a control unit, and a man standing next to a tall vertical lifter. Below these are two columns of text and icons.

Wide range of accessories

A wide range of accessories such as vacuum suction cups and gripper solutions make the FIPALIFT range extremely variable and versatile.

For special requirements that are not covered by the standard program, we are happy to offer you uncomplicated special solutions on request - with the least effort.

Simple operation with the hand grip.

Quick-change adapter for the accessories included as standard.

Full range of vacuum pumps to suit every application.

Total flexibility with handle lengths of 250, 500, and 750mm available as standard.

*FIPA LIFTmax & LIFTpro

- *Lift up to 300 Kg
- *Lift boxes, buckets, sacks and odd shape loads
- *High efficiency
- *High safety factors against old fashioned crane
- *Reduces human labour
- *Easy to use
- *Multiple attachment for different loads
- *Plug and play type foot, cups or grippers

FIPA GmbH Gripper and Suction Cup family

*Vacuum grippers/Sprue Grippers

*Needle Grippers

*Magnetic Grippers

*Different jaw sizes, shapes and material available

*Vacuum area gripper

*Lifts heavy loads

*Automatic load sensing and vacuum deployment

*Different sizes, shapes and material available

*Vacuum suction cups

*Lifts heavy loads

*Special cups for different items to be picked

*Different sizes, shapes and material available

*Cups for all kinds of packaging and holding applications

*Vacuum Generator/Ejector

*Works with compressed air

*Special designs available

***FIPA range has 6500+ products which operate on vacuum/compressed air for different applications**

*Vacuum generator + Spring Arm + Cup = Best
packaging/holding solution*

+

*Lift with vacuum

*Cut and pick

Supervane Ltd

*Carbon vanes

*Filters

*Gaskets

*Grease

*Vacuum pump oils

*We sell spare parts for all vacuum pumps

*We also provide on site maintenance

*We have our own service station in Pune for major repair jobs

Thank you!
